CLIMATE & COMMUNITY:

Inspiration and renewal for sustainability and creation care advocates

A retreat at Camp Friedenswald, April 17-19, 2020

Are you passionate about working on the climate crisis and feeling the need for heart-felt, open, and honest conversation about this critical topic? Come be part of this special gathering to replenish your energy, connect with like-minded folks, deepen your knowledge, and envision for next steps in your community.

Formal and informal green teams for churches, pastors, interested individuals, youth groups, and families are all welcome! There will be childcare available during adult/teen-oriented sessions for children ages 0-12.

Presenters:

Dr. Sibonokuhle Ncube has 18 years experience in various development contexts, including programs in climate change management, climate finance governance, and disaster preparedness. She has worked extensively with the Brethren in Christ Church in Zimbabwe and is currently studying at AMBS.

Michael Crosby, M.Div., is pastor at First Mennonite Church of Champaign-Urbana and an amateur ecologist. He captivates listeners of all ages by seamlessly weaving together interdependence and faith through storytelling and creative community interaction.

Musicians:

Wendy Chappell-Dick and Amy Stauffer-McNutt have been making music together for over 40 years. For Wendy and Amy, making music is thoroughly woven into relationships - a combination of friendship, folk style, and heartfelt melody.
